## DJ CUE1

### PROFILE

Dj Cue1 started his deejaying career around early 2001. Always having a passion for the art, he quickly rose to become one of the best known and admired dj's in Bulawayo, Zimbabwe. Having traveled Africa to play in various countries, Kewin's name as a continental DJ was slowly building. His biggest act was headlining with the Kalawa Jazmee stable back in 2010 for a New Years Festival.

From Miller DJ battles, to Andyboi's "Trail Evolution" tour, Zimbabwe was always Dj Cue1's home. Fast forward to 2013, he became resident dj at Stones Feahterbrook, hosting many events for Monash alongside big names like Ms. Cosmo, Gigi Lamayne and The Mackster Twins, to name a few. Within the Monash circle, he was chosen as a "celebrity judge" for one of their talent shows.

Two years later, Cue1 had a slot on Visions FM internet radio, where he played presenter and dj to the Top 20 countdown. For the show's unique sound, Kewin did his own audio imaging and jingles. For just over two years, Cue1 was resident dj on Saturdays at News Cafe Randburg, with heavy hitters like Oskido, Nastee Nev and Dj Kent guesting from time to time. You can now find him at Pedro Portia Cedar Square every Saturday night playing an eclectic selection of music from Latin, Hip Hop and Classic Rock, to current high rotation radio hits.

His experience is evident in his ability to please all races and age groups.
